

BRAKE CLEAN

Super powerful non-chlorinated degreaser for brake and mechanical parts

TYPE OF USE

Brakes and clutches.
All brake and clutch pad residues.
All mechanical parts and systems.
Engine dismantling, spark plugs, levers, brake axles, clutch mechanisms and shock absorbers, chain stops and adjusters, oil, grease, tar residues...etc.
Since MOTUL BRAKE CLEAN is very powerful, do not use it on plastics, painted or varnished surfaces.

PERFORMANCES

Dissolves oil, grease and tar. Leaves no marks. No need to rub.
Evaporates very quickly leaving no marks.
Eases assembly and disassembly of mechanical parts.

RECOMMENDATIONS

Shake before use.
Spray from a short distance on the areas to be cleaned.
Respray on very dirty areas. Evaporates very quickly.
Since MOTUL BRAKE CLEAN is very powerful, do not use it on plastics, painted or varnished surfaces.
